ABOUT ME

I am a passionate Web Developer, App Developer, and Java Full Stack Developer who enjoys turning ideas into reality through technology. From building responsive websites to creating mobile apps and developing robust back-end systems, I bring a holistic approach to development. My strength lies in writing clean, maintainable code and crafting solutions that balance performance, scalability, and user experience. With a curiosity-driven mindset, I am always eager to explore new technologies and take on challenging projects that push boundaries.

EDUCATION
